**FIND *NEW* ROADS™**

**DESIGN THAT DRIVES BEAUTIFULLY.** A winning formula that looks good on the move. The Chevrolet Cruze is the epitome of form meeting function. The beautifully elegant lines complement the striking athletic build of the vehicle. A dynamic face over a bold grille is seamlessly connected to the swept-back lamps, which are the windows to the soul of this car. A soul inspired by many brilliant predecessors and managed well by the innovative full-colour touchscreen infotainment system. The Cruze is the quintessential example of beauty.

## INTERIOR DESIGN

**A DRIVE THAT MAKES YOU FEEL AT HOME.** It's like taking your comfort zone on the road. The kind of space and legroom you get in this vehicle would make a lot of larger cars feel inferior. The Cruze's 60/40 folding rear seats allow you to make as much space as you need, whenever you need it, from all the family's gear to fitting in the new

TV and its stand. The stylish interior design includes a dual-cockpit theme and chrome finishes. The revolutionary **MyLink CCR** with a 7 inch colour touch screen display is this vehicle's shining technological beacon. It's compatible with most smartphones and allows you to stream your music via Bluetooth.

You can also access your playlists, music and much more through the easy-to-use USB port. Keep your eyes on the road, while making or receiving phone calls hands-free and get there safe and sound.

## PERFORMANCE

\*Specifications are country specific

**THE REAL POWER IS FOUND UNDER THE HOOD.** It's power beyond expectation. The Cruze's engine is sublime and is designed so that you get more distance for your rand. The vehicle's fuel economy is the best in its class and that's great news for the avid traveller in you. The Cruze has a selection

of engines for your choosing, from the fuel-efficient naturally aspirated 1.6L to the refined and powerful 1.4L turbo petrol. Our turbo engine is the perfect alternative for those of you who take performance to the max, and these engines release a smaller carbon footprint than the

previous models, thanks to \*start/stop technology. The latest generation, silky smooth gearshift complements the effortless power that's delivered from an engine that is Chevrolet's best yet.

\* Only available in manual

SAFETY

**DESIGN THAT DRIVES BEAUTIFULLY.** It's safe to say we know what we're doing. The Cruze is the proud holder of a 5-star Euro N-cap rating across the range, which is the most prestigious award a vehicle can receive for safety. The vehicle includes the latest generation Chevrolet Electronic Stability Control System, and MacPherson strut suspension is the reason for the overall balance of the vehicle and intuitive, responsive handling. The Cruze also has ISOFIX attachment points on both outer rear seats, and it's got you covered with up to six airbags so you and your family can sit back and enjoy your trip.
